

Halifax Rowing Club Christmas Wreath Fundraiser

Orders Due by November 16, 2017

Halifax Rowing Club, a community, volunteer-run organization, is dedicated to the promotion of rowing as a sport and fitness activity for people of all ages. Rowing is an activity that people can take up when they are young and old ... it is a low impact, whole body activity that promotes and helps maintain health and fitness.

Our Christmas Wreath Fundraiser will help us to upgrade our boat storage facilities which, in turn, will allow us to expand our fleet of rowing shells, making our programs more accessible to youth (13+), older adults (80+) and people with disabilities.
